The public schools of this city will close this week.

The Moberly excursionists on bridge day were greatly pleased with their treatment in Jefferson City and have nothing but praises for the town. It was a jolly crowd and all enjoyed themselves greatly.

It (the Democratic party) wants a tariff which doesn't impose war taxes in times of peace.—Governor Flower, in New York Herald, Oct. 26, 1892.

Ex-Gov. Flower must regret that "it" did not get what "it" wanted.

The heavy rains of last week have damaged property in most of the counties along the Osage river. The water was within a few feet of the high water mark reached in December.

Will Speak.

Geo. Wagner of this city, one of the ablest German speakers in the state and at present secretary of the Catholic Union of Missouri, has accepted an invitation to deliver an address to the delegates at St. Joseph on June 1st, 1896. On that day there will be a celebration of the anniversary of the Catholic Union, and a large attendance will no doubt be present.

Mr. Thien was born in Germany and came to the United States in 1858, and to Missouri in 1864, and settled on the farm where he died. The following children survive him: Rev. J. Henry Thien of Wichita, Kansas, Mrs. Lizzie Vieth, wife of Mr. B. G. Vieth, Mrs. Anna Roer, wife of Mr. Roer, Dr. H. B. Strawberry Shipment.

Jefferson City is a great strawberry town. The finest berries in the country are raised right here. On Monday of this week 800 cases were shipped to Omaha. During the past week, the shipments have averaged 200 cases daily. Owing to the drought in the early part of May the crop is considerably cut short, but notwithstanding a very fair crop was grown. A number of our suburban farmers are largely interested in strawberry culture.

Bridge Edition.

The special bridge edition that was gotten out by the Jefferson City Tribune was great and is being called for from every quarter. In addition to the write-up of the bridge, it contained interesting and valuable anti-capital removal literature. Many thousands of copies have been sent abroad.

An excursion was run from Jefferson City to St. Louis on Sunday last.

Mr. Julius Krieger, of Martinsburg, Andrain county, attended the bridge celebration here last week and remained several days with his many friends. Julius is a staunch friend to Jefferson City, and says that Andrain county can be relied upon to give the present capital an almost solid vote.

Build the Water.

We give the people warning that the dry weather, denuding vegetation and hot sun, has rendered the water everywhere impure, and the only safety is to boil the water before using it. All physicians recognize the fact that many diseases, and especially the one to be dreaded most of all, typhoid fever, is produced from impure water. It is but little trouble to boil enough of water in the evening to do a family all of the next day, and if boiled and set out of doors at night, will be cool and nice by morning.

Installed.

Rev. J. P. Hendy, D. D., was installed as pastor of the First Presbyterian church, on Tuesday evening, at 8 p. m. Rev. Dr. Jenkins of Kansas City preached the installation sermon. Rev. Dr. Walker of St. Louis, D. D., of Hills of Kansas City, and C. C. Rowlinson of this city, also took part in the exercises.

Health Items.

Lots of refreshing rains.

Health generally good.

Dr. S. H. Miller, veterinary surgeon, was in our township last Thursday and Friday.

There was a singing at Mr. John Bachman's Sunday night. It was a grand success.

We learn that Mr. Conrad Hager and Mr. Fred Steffels, of Deatur, have traded property.

Sunday the Jefferson City Browns and Brazil ball teams played a game. The score stood 9 to 0 in favor of Brazil.

There was a barnraising at Mr. Andrew Miller's last week on Long creek. It is one of the largest in this vicinity.

THE DAKOTA HOTSPRINGS.

The Hot Springs of Arkansas have long been deservedly popular. For the reason that there is no other place that has filled the requirements of both a health and a pleasure resort. This state of affairs has changed. The Hot Springs of North Dakota have, in recent years, been thrown open to the people, and because of their delightful situation and great curative qualities, are becoming more popular every day. Situated at this resort is, in the famous Black Hills in the midst of beautiful mountain scenery, a place that peculiarly healthy atmosphere which is in itself health giving, with waters that are pronounced by experts equal if not superior to those of any other natural springs in the world. It will soon outrank any other health resort. The hotel accommodations are of the best—buildings with all the modern improvements and conveniences. The hotel is built of pink sand stone, with steam heat, electric lights, and every room is supplied with the best of everything. The resort is easily reached by the Great Northern Railway, and is only a few miles from the city of Minneapolis. The resort is only for invalids, but for pleasure seekers as well. The "Hot Springs" is reached there in a day and a half from St. Louis. Pullman sleepers and free chair cars on train No. 15 run to Lincoln and from Lincoln free chair cars and sleepers run through to the springs. For further information call on any "Burlington House" Agent, or address D. O. WAKELEY, G. P. A., St. Louis, Mo.
